In claim 3: lines 2 and 5, in the parentheses, "2" has been replaced with – 4 --, since this was clearly intended.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the prior art cited teaches or fairly suggests the achromatic phase shift device of the present invention, wherein the device comprises a plurality of refractive elements which introduce a predetermined phase shift between first and second optical beams with such a phase shift being determined by a series of specific equations derived from arrangement, optical characteristic, and configuration of the refractive elements as noted on last 18 lines of claim 1, and last 24 lines of claim 14 of the amendment dated March 16, 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
